

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

NATIONAL HUNT RULES.

These Rules apply to all meetings held under the sanction of the National Hunt Committee, and to all races run at such meetings.

The Rules that are new in principle or altered in any manner, except in wording, are printed in *italics*.

PART I.

INTERPRETATION AND APPLICATION OF THESE RULES.

1. A "*recognised meeting*," is a meeting held under the sanction of the National Hunt Committee, or other Turf authority, of the country in which it is held; or (where no such authority exists) under these rules.

The Turf authorities of the United Kingdom are—

The National Hunt Committee.

The Jockey Club.

The Turf Club of Ireland.

The Irish National Hunt Steeple Chase Committee.

"Stewards." — Wherever the word "Steward" or "Stewards" only is used, it means Steward or Stewards of the meeting, or their duly appointed deputy or deputies.

Ireland, the Channel Islands and the Isle of Man are not included in the expression "Great Britain," but they are in the expression "the United Kingdom."

(v) They have power to exclude at their discretion any person from all or any places under their control.

10. The Stewards have power to regulate and control the conduct of all officials, and of all trainers, riders, grooms, and persons attendant on horses.

11. They have power to punish at their discretion any person subject to their control with fine not exceeding 50 sov., and with suspension from acting or riding at the same meeting, and to report to the Stewards of the National Hunt Committee should they consider any further fine or punishment necessary.

12. The Stewards have power to determine all questions arising in reference to racing at the meeting, subject to appeal under Part XXIII, and should no decision have been given by the Stewards, within seven days of an objection being lodged, the Clerk of the Course shall then report the case to the Stewards of the National Hunt Committee, who may, at their discretion, decide the matter, and, if they consider there has been any negligence, may order any additional expense arising therefrom to be defrayed out of the funds of the meeting at which the case occurred.

13. The Stewards have power to call for proof that a horse is *neither itself disqualified in any respect*; nor nominated by, nor the property, wholly or in part, of a disqualified person; and in default of such proof being given to their satisfaction they may declare the horse disqualified.

14. The Stewards have power at any time to order an examination by such person or persons as they think fit, of any horse entered for a race, or which has run in a race.

They have power to impose any fine not exceeding 50 sov., and to warn any person off all Courses where these Rules are in force.*

17. The Stewards of the National Hunt Committee take no cognizance of any disputes or claims with respect to bets, *but they will give effect to an official report of default made to them by the Committee of the Subscription Rooms at Newmarket, or at Tattersall's.*

A horse may appear on the card in the name of the owner instead of that of the nominator, and the Stewards may, under special circumstances, grant permission for a horse to run in the name of some other person. The Clerk of the Course shall, in such latter case, make a report to the Registry Office, stating the grounds upon which the permission was granted.*

24. *The Clerk of the Course shall, at once, make a return to the Registry Office of any Deputy Steward, or official appointed, of all complaints to, and decisions of, the Stewards, of all fines inflicted, and of all horses sold or claimed.*

25. The Clerk of the Course shall have in his possession, for the information of the Stewards, a list of persons "warned off," and of suspended jockeys, and also a copy of the latest Monthly Forfeit List, and he shall not, under a penalty not exceeding 10 sov., allow any horse which, or the

owner or nominator of which, is in the Forfeit List to start for any race.

28. The Stakeholder shall not allow a rider to be weighed out for any horse until such horse's entrance money and stake for that race, and the forfeits for every horse belonging to the same owner, or standing in his name, the jockey's fee, and any arrears claimed under rule, have been paid, or the Stakeholder shall himself be liab'e.

29. The Stakeholder shall at the expiration of fifteen days after the meeting render an account and pay over all stakes and added money to the persons entitled, and at the same time notify at the Registry Office all forfeits and entrances then unpaid, and one month before the publication of the next available Forfeit List he shall further notify at the Registry Office all entrances, stakes, forfeits, fines, purchases, and fees at that date remaining unpaid, for publication therein.

30. The Clerk of the Scales shall exhibit the number (as allotted on the official card) of each horse for which a rider has been weighed out, and shall forthwith furnish the starter with a list of such numbers, and the numbers shall not be taken down until the horses are started.

31. If extra, or special, weight be declared for any horse, such weight shall be exhibited with the number, also any declaration to win, or alteration of colours.

32. The Clerk of the Scales shall in all cases weigh in the riders of the horses placed by the Judge, and report to the Stewards any rider not presenting himself to be weighed in.

33. He shall always put 4lb extra into the scale to prove that the horse has not carried too much weight.

34. He shall at the close of each day's racing send a return to the Registry Office of the weights carried in every race and the names of the riders, specifying over-weight, if any.

36. *Any rider misconducting himself at the post, or refusing to obey the commands of the Starter in any respect whatever, shall be reported to the Stewards.*

37. *A start in front of the starting post, or on a wrong course, is void, and the horses must be started again.*

The Judge.

38. The Judge, or his authorized substitute, or a Steward, must occupy the Judge's box at the time the horses pass the winning-post, *or the race must be run again. He must announce his decision immediately, and such decision shall be final, unless an objection to the winner, or any placed horses, is sustained.:* Provided that this Rule shall not prevent a judge from correcting any mistake, such correction being subject to confirmation by the Stewards.

39. The Judge shall, *at the close of each day's racing,* sign and send a report of the result of each race, to the Registry Office.

PART V.

Regulations for Race Meetings.

40. All meetings *must be sanctioned* by the Stewards of the National Hunt Committee.

41. The conditions of every race before closing, and the full programme of every meeting, before it takes place, must be advertised in the Racing Calendar, and no alteration can be made in the conditions of any race after the last advertisement.

42. The last rule shall not preclude the *addition of more money* to a race, or of a new race to the programme of a meeting subsequent to the publication of the last Calendar issued previous to the meeting being held.

43. The advertisements must state that the meeting is to be subject to National Hunt Rules, the days on which it is to be held, the dates for closing the stakes, the names of the persons to receive nominations and declarations of forfeit, and a place or places for the entry of every race, and, before the time fixed for closing (races for future years excepted), the names of two or more persons as Stewards, and of the Judge, Starter, Clerk of the Course, Handicapper, Stakeholder, and Clerk of the Scales.

44. The Stewards of the National Hunt Committee may at their discretion prohibit the advertisement of any meeting or race in the Racing Calendar, *or call upon the Stewards to alter or expunge any conditions, even after advertisement.*

NATIONAL HUNT RULES. XXIX

45. At every meeting advertised to take place between the week which includes the 22nd day of November of one year and the week which includes the 25th day of March of the next inclusive; there shall be in each day's programme at least two steeple chases, one of which must be of three miles or upwards.

46. There shall be no race less than two miles.

47. In all Steeple Chase Courses there shall be at least twelve fences (*exclusive of hurdles*) in the first two miles, and at least six fences in each succeeding mile. There shall be a water jump at least twelve feet wide and 2 feet deep, to be left open, or guarded only by a perpendicular fence not exceeding 2 feet in height. There shall be in each mile at least one ditch 6 feet wide and three feet deep on the taking off side of the fence, which ditch may be guarded by a single rail, or left open, and which fence must be 4 feet 6 inches in height, and, if of dead brushwood or gorse, 2 feet in width.

48. In all hurdle race courses there shall be not less than eight flights of hurdles in the first two miles, with an additional flight of hurdles for every quarter of a mile or part of one beyond that distance, the height of the hurdles being not less than 3 feet 6 inches from the bottom bar to the top bar.

49. No pony or galloway race shall take place at any meeting held under these rules.

50. There shall be no restrictions with regard to training stables in the conditions of any race.

PART VI.

Omitted Conditions.

51. When the weights are omitted from the conditions of any race, the horses shall carry 12st 7lb each, subject to penalties and allowances. *If the horses be of different age, the weights shall be fixed by the sanctioned scale appended to these rules.*

52. When no course is mentioned, it shall be as follows:—

If three years old, two miles.

If four years old, two miles and a half.

If five years old, three miles.

If six years old or upwards, four miles.

If the horses be of different age, the course shall be fixed by the age of the youngest.

53. When no day is fixed for a race, it shall be run on the last day of the meeting, unless otherwise agreed by all the parties engaged, *and sanctioned by the Stewards.*

PART VII.

*Special conditions applicable to Handicaps, Produce Races, and Selling Races.**Handicaps.*

54. If in a handicap for which there is a minor forfeit declared by a fixed time the highest weight accepting was originally less than 12st 7lb, it shall be raised to that weight, and the other acceptances equally.

55. *In handicaps there shall be no clause permitting an alteration of the weights after publication by the claim of a selling allowance*

Produce Races.

56. *If the produce of a mare is dropped before the 1st of January, or if there is no produce, or if the produce is dead when dropped, the entry of such mare is void if it is declared by the time prescribed in the conditions; if twins are dropped, the nominator shall at the same prescribed time declare to which of them the engagement attaches.*

Selling Races.

57. In no selling race shall the lowest selling price be less than 50 sov.

58. Any horse running for any race "to be sold," shall, if the winner, be liable to be claimed for the selling price by the owner of any other horse starting in the race; but if it is a condition of the race that the winner is to be sold by auction, the sale shall take place immediately after the race, and the surplus over the selling price shall be divided between the owner of the second horse and the Race-fund.

If sold, or bought in, the horse shall not leave the place of sale without permission of the Clerk of the Course, and if the horse be not paid for, or the price secured to the satisfaction of the Clerk of the Course within a quarter of an hour, he may order the horse to be put up a second time, and the purchaser at the first sale shall be responsible for any deficiency arising from the second, and shall be treated as a defaulter until it is paid.

59. All other horses starting "to be sold" may be claimed for the selling price *plus* the value of the stakes or plate, by the owners of horses running in the race.

(i) The owner of the winner has the last claim. Owners of other horses placed have priority of claim in the order of their places. Owners of the remaining horses have equal rights, and must draw lots.

(ii) No person can claim more than one horse.

(iii) Every claim must be made in writing to the Clerk of the Scales within a quarter of an hour *after the winner has weighed in.*

NATIONAL HUNT RULES. xxx

60. The price of every horse claimed must be paid to the Clerk of the Course, and an order given by him for the delivery of the horse.

In the case of a horse being claimed, if the price be not paid before seven o'clock in the evening of the day of the race, the claimant forfeits his right. But the owner may insist on the claimant taking and paying for the horse, and if he refuse or neglect to do so, he shall be treated as a defaulter in respect of the price.

61. In selling races where a horse walks over, or there is *no second horse placed*, the winner is liable to be sold, and any surplus above the selling price will go to the fund, but if a horse walk over, he shall not be liable to be sold unless *the whole of the added money be given, and he shall not be penalised for such walk over in cases where selling race winners are exempted from penalties.*

62. *In cases where there are not the required number of starters, and the added money is reduced according to the conditions, the race then ceases to be a selling race, the winner is exempt from sale, and the remaining horses cannot be claimed.*

63. The foregoing Rules relating to claiming and selling races, in cases where a horse is objected to, are subject to the following provisions:—

(i) If the objection be made before the horse has been sold or delivered, the time for selling or delivering him shall be postponed until such time after the determination of the objection as the Stewards appoint.

(ii) If the objection be declared valid, the person by whom the horse has been claimed or bought shall have the option of rejecting or returning him, or retaining him at the price of a beaten horse, *and if the meeting is concluded, the Stewards shall appoint some early and convenient place for the sale of the horse adjudged to be the winner.*

(iii) In the case of a dead heat, the time for claiming or selling is postponed until the dead heat is run off. In case of a division, each of the horses dividing is a winner for the purposes of the Rules relating to claiming and selling, and if an auction race, *both shall be put up to auction*, and any surplus shall be divided, half to go between those horses and half to the Race Fund.

PART VIII.

The foreign certificate must state the age, sex, pedigree, and colour of the horse, and any mark by which it may be distinguished, and must be signed by the secretary or other officer of some approved racing club of the country in which the horse was foaled, or by some magistrate, mayor, or public officer of that country.

The Stewards of the National Hunt Committee may from time to time approve any racing club for the purposes of this rule, and prescribe the official by whom a foreign certificate must be signed. They may also require any further proof or confirmation in any particular case, and may declare any horse disqualified in default thereof.

The certificate of age must be signed by a Veterinary Surgeon in the United Kingdom, approved for this purpose by the Stewards of the National Hunt Committee either by general order or in the particular case.

70. A horse which has been out of the United Kingdom (otherwise than as a foal at the foot of his dam) before having run for any public plate or sweepstakes in Great Britain, shall not be qualified to start for any public race until a certificate of age, signed as in the last rule mentioned, has been deposited at the Registry Office.

NOTE.—The Stewards of the National Hunt Committee have approved generally of certificates given by the Members of the Royal College of Veterinary Surgeons, and by persons holding the Highland and Agricultural Society's diploma.

PART IX.

ENTRIES, SUBSCRIPTIONS, DECLARATIONS OF FORFEIT, AND ACCEPTANCES FOR RACES.

71. *Every entry shall close, and every declaration of forfeit or acceptance shall be fixed to be made at 10 p.m., and upon Tuesdays only, except in the case of races closing within four days of their being run.*

72. A horse is not qualified to run for any race unless he is duly entered for the same.

73. All entries made elsewhere than at the Registry Office (except entries made during the week of, or on the Saturday preceding, the meeting) shall be lodged at that office within forty-eight hours, or, if intended for publication in the next Calendar, within twelve hours, after the day of closing.

In default of observance of this rule, the receiver of nominations shall be reported to the Stewards of the National Hunt Committee, and unless the nominator can prove to their satisfaction that the entry was made in due time, it shall be void.

XXXV NATIONAL HUNT RULES.

74. The list of entries shall be closed at the advertised time, and no entry shall be admitted on any ground after that time.

75. An entry *or subscription* may, before the time of closing, be altered or withdrawn.

76. In any race where there shall be any particular conditions required as a qualification to start, such conditions shall extend to the time of starting.

Form of Entry or Nomination.

77. Entries and declarations of forfeit shall be made in writing, signed either by the owner of the horse, or of the engagement, or by some person who has been deputed by him. Entries made by telegraph shall be equally binding if confirmed in writing at the earliest possible opportunity, and in all cases before the time of weighing, or the horse shall not be allowed to start. Declarations of forfeit made by telegraph *shall be confirmed in writing at the earliest possible opportunity or the forfeit shall not be saved.*

78. A horse cannot be entered in the real or assumed name of any person as his owner unless that person's interest or property in the horse is at least equal to that of any other one person, *and has been so registered.*

79. In entering a horse for the first time for any race under these rules he shall be described by stating *a name*, the colour (when possible), and whether a horse, mare, or gelding, and the Calendar or Stud-book names of his sire and dam. If the dam was covered by more than one stallion the names of all must be stated. If the sire or dam has no name in the Calendar or Stud-book, such further pedigree and description must be added as will clearly distinguish the horse entered from all other horses, and if the pedigree of the sire or dam be unknown, such farther particulars as to where, *when, and from whom* the horse was purchased or obtained must be given as will identify him.

80. The entry shall be in the name of some one person, and shall state the name, or assumed name, of the owner, the name of the horse, and the age he will be at the time of the race.

81. *The name and description of the horse must be repeated in every entry until he has run under these rules, and a report of the race has been published in the "Racing Calendar."* In any entry after such publication it will be sufficient to enter him by his name and with his age only.

82. *When entering, under a new ownership, a horse which has run previously under these rules, the name of the person who last ran the horse must be attached to every entry until the horse has run again under these Rules.*

NATIONAL HUNT RULES. xxxv

83. Whenever the name of a horse which has run at any recognised meeting *in any country* is changed, his old name, as well as his new name *and his description*, must be given in every entry until the change has been published in the Book Calendar of Steeple Chases Past.

84. In the event of a horse being entered for a race with the wrong age, or an incorrect or imperfect description according to the rules of entry, it may be corrected on payment of a fine of 5 sov., provided it be proved to the satisfaction of the Stewards, or the Stewards of the National Hunt Committee, that the error was accidental, and provided also that the correction be made *within seven days* of the publication of the Calendar in which the wrong entry appeared. The correction, if it relate to a race, the entries for which have not been published in the Racing Calendar, must be made before the numbers are exhibited for that race.

On payment of the fine, an entry may, within the like time, be omitted from a race for which the horse was not qualified, but no other horse may be substituted.

85. No other alteration or addition shall be made in any entry after the time fixed for closing, except when *the name of the horse has been changed, or an assumed name of the nominator has been abandoned*.

86. A subscriber to a race may transfer the right of entry under his subscription to any other person.

87. Subscriptions and all entries or rights of entry under them become void on the death of the subscriber, and entries (except such as are made under another person's subscription) become void on the death of the persons in whose names they are made.

88. If either party to a match die the match is off.

89. An acceptance for a free handicap shall be considered as equivalent to an entry, but if the horse be wrongly described the acceptance shall be void.

90. *In making an entry for a produce race, the produce is entered by specifying the dam and sire, or sires.*

91. *No horse shall be considered as struck out of any of his engagements, until the owner, or some authorised person, shall have given notice in writing, or by telegraph, to be confirmed in writing at the earliest possible opportunity, at the Registry Office or to the Clerk of the Course where the horse is engaged.*

The notification of the death of a horse shall be equivalent to a declaration of forfeit.

PART X.

Sale with Engagements.

92. When a horse is sold with his engagements, or any part of them, the seller cannot strike the horse out of any of such engagements, but, on default of the purchaser, remains liable for the amount of the forfeits in each.

93. In all cases of sale by private treaty, the written acknowledgment of both parties that the horse was sold with the engagement is necessary to prove the fact, but when the horse is sold by public auction or claimed out of a selling race, the advertised conditions of either the race or the sale are sufficient evidence. If certain engagements only be specified, those only are sold with the horse.

See note below.

PART XI.

Assumed Names and Partnerships.

Assumed Names.

94. An assumed name cannot be used unless annually registered, and a fee of 10 sov. paid. A registration continues effectual only during the current year.

(i) A person cannot register more than one assumed name at the same time, nor can he use his real name so long as he has a registered one.

(ii) A person cannot register as his assumed name one which has been already registered by any other person, or the real name of any owner of race horses.

(iii) An assumed name may be changed at any time by registering a new assumed name.

(iv) *Any person who has registered an assumed name may at any time abandon it, by giving written notice at the Registry Office; such notice of cancellation shall be published in the next Racing Calendar, after which all entries which have been made in the assumed, shall be altered to the real, name of the owner.*

NOTE.—The following are known and recognised as "Lord Exeter's Conditions"—

"The horses are sold without their engagements, but the purchaser has the right of running for any of them by paying half the stake, and in the event of the horse winning, or being entitled to second or third money, one-third shall be paid to the vendor, but the vendor reserves to himself the right of striking the horse out of any race, in time to save a minor forfeit or discount, unless the purchaser shall give notice that he wishes to run for any particular race, when he will become liable for half the stake or forfeit. Horses purchased under Lord Exeter's Conditions cannot be re-sold under the same conditions without the written consent of the original vendor."

NATIONAL HUNT RULES. XXXVII

Partnerships.

95. All partnerships, and the name and address of every person having any interest in a horse, the *relative* proportions of such interest, and the terms of any sale *with contingencies, lease, or arrangement*, must be *signed by all the parties and* lodged at the Registry Office, or with the Clerk of the Course for transmission to the Registry Office, before a horse sold with contingencies, or leased, or which is a joint property, can be *entered or start* for any race, and the document shall state with whom the *power of entry or declaration of forfeit rests, and all partners shall be jointly and severally liable for every stake or forfeit. No part owner shall assign his share or any part thereof in a horse without the consent of his partners. NATIONAL HUNT RULES. xxxix

Jockeys' Retainers.

101. In the absence of special agreement, a jockeys' retainer terminates at the end of the current year. The agreed retaining fee must be paid in advance in respect of each year.

102. Every jockey at the termination of his apprenticeship is free to form engagements for himself, irrespective of any which may have been made for him during such apprenticeship.

The terms of all agreements shall be registered, and a fee of 5s. paid.

103. Employers retaining the same jockey have precedence according to the priority of their retainers.

104. The Stewards of the National Hunt Committee may adjudicate between persons claiming the services of any jockey, and upon disputes between jockeys and their employers, and have power to cancel any agreement between them.

Jockeys' Fees.

105. In the absence of special agreement to ride for a lower sum, the fee to a winning jockey shall be 10 *sov.*, and to a losing jockey, 5 *sov.*, and no further charge shall be made, except when requested to leave home for the purpose of riding, in which case the cost of travelling expenses, and 1 *sov.* a day for living, may be charged to the owner, or divided between the owners, at whose request he left home.

All jockeys' fees shall be paid to the Stakeholder at the same time as the stakes, except under a private arrangement with the jockey, in which case notification must have been previously made at the Registry Office, or to the Stakeholder, for transmission thereto.

106. (i) *No trainer shall engage any stable servant who has previously been in a training stable, without referring to his last employer, and receiving a satisfactory reply in writing.*

(ii) *Any trainer infringing this rule and continuing to employ such servant after notice has been served on him by his late employer, or through the Registry Office, shall be reported to the Stewards of the National Hunt Committee.*

(iii) *Any servant prevented by this rule from obtaining or retaining employment shall have the right of appeal to the Stewards of the National Hunt Committee.*

PART XIII.

Racing Colours.

107. Racing colours may be registered either annually, on payment of 5s., or for the life of the person registering, on payment of 2 *sov.*

All disputes as to the right to particular colours shall be settled by the Stewards of the National Hunt Committee.

108. Any person running a horse in colours other than those registered in his own or assumed name, without a special declaration over-night to the Clerk of the Course (at a time to be prescribed) shall be fined not less than 1 sov., nor more than 10 sov.

A special declaration is also required where the owner is not the nominator.

PART XIV.

Entrance Money, Stakes, Forfeits, and Arrears.

109. Entrance money, stakes, forfeits, and arrears, must be paid in cash (if so required) to the Clerk of the Course or authorised stakeholder, and entrance money must (if so required) be paid at the time of entry.

No entrance money to any fund but that devoted to horses running in the race shall exceed 5 per cent. on the added money, or value of other prize. Entrance fees, subscriptions, stakes, and forfeits shall be in pounds, not guineas.

110. A person entering is liable, as well as the nominator, and every partner in the horse at the time of nomination, for the entrance money and stake or forfeit. *A person making a wrong nomination is equally liable.*

A subscriber to a sweepstakes is liable for the stake or forfeit; but if he transfer the right of entry to any other person he is liable only in case of default by the transferee.

111. A person taking an entry under another person's subscription, where forfeit must be declared by a particular time shall, if he do not declare forfeit by that time, be considered to have taken the engagement upon himself, and it shall be transferred to his name.

112. Every horse *whose number has been exhibited* shall be liable for his whole stake.

113. A rider shall not be *weighed out* for a race unless there have been previously paid (1) any stake, forfeit, entrance money, or fee payable *by the owner or nominator* in respect of that race; (2) all arrears due for the horse, *or from his rider*, or due for the same or any other horse from any person by whom such horse is wholly or partly owned, or in whose name or under whose subscription he is entered; and (3) the jockey's fee.

114. In the last rule, and in the following Forfeit List rules, the term "arrears" includes any sums payable for fines, fees, entrance money, stakes, or forfeits *due at the same or any other recognised meeting* in the United Kingdom, and any sum in respect of which a person has been

declared a defaulter: Provided that the Stakeholder shall not be liable for arrears in respect of a meeting elsewhere than at the place at which the race is run, unless notice of such arrears being overdue has been published in the Forfeit List, or delivered in writing, signed by the person claiming the arrears, to the Stakeholder and to the person indebted, before ten in the evening preceding the race.

PART XV.

The Unpaid Forfeit List.

115. An Unpaid Forfeit List shall be kept at the Registry Office, and shall be published *annually* in the Sheet Calendar. It shall include all *arrears* which have been notified by the Stakeholder of any recognised meeting in Great Britain, or as otherwise provided under these Rules, and shall state the real name or names, and also the assumed name or names (if any), of the persons from whom, and the horses (if any) in respect of which the same are due. "Arrears" which have been so published must be paid direct to the Registry Office, and until so paid shall not be removed from the list.

116. Where a person is prevented by these rules from entering or starting a horse for any race without paying arrears, for which he would not otherwise be liable, he may, by paying the same, enter or start the horse, and place the arrears on the Forfeit List as due to himself, and in like manner the seller of a horse with engagements may, if compelled to pay them by the purchaser's default, place the amount on the Forfeit List as due from the purchaser to himself.

117. So long as the name of a person is in the Forfeit List, no horse can be entered by him, or under his subscription, for any race, whether acting as an agent or otherwise, *nor can any horse be ridden by him for any race*, and no horse which has been entered by him, or in his name, or under his subscription, or of which he is, *or was at the time of entry*, wholly or partly the owner, can run for any race; and no horse which shall be proved to the satisfaction of the Stewards to be directly or indirectly under the care, training, management, or superintendence of a person whose default has been twice published in the Racing Calendar, shall be qualified to be entered or run for any race; and so long as any horse is in the Forfeit List, such horse shall not be qualified to be entered or run for any race. *The disabilities under this rule extend to all arrears officially notified by a recognised turf authority of any country.*

118. A corrected alphabetical Index of the horses and owners in the last Forfeit List shall be published in the first

Calendar of every month. Such monthly list shall commence not less than three years before the time at which it is published, and shall be carried down to and include the latest Forfeit List which has been published in the Sheet Calendar as above mentioned.

119. If a horse which, or the owner of which, is in the Forfeit List be entered for any race, *the nominator* of such horse shall be liable to a fine not exceeding 50 sov.

PART XVI.

Weights, Penalties, and Allowances.

Weights.

120. No horse shall carry less than 10st in a steeple chase or hurdle race, nor less than 11st in a hunters' race on the flat.

Penalties.

121. In estimating the amount a horse has won in any one or more races, account shall be taken of cups or moneys, whether derived from stakes, bonus, or any other source, gained by him in steeple chases, hurdle races, and hunters' races on the flat, in any country, of the value of 20 sov. or upwards, deducting only his own stake and entrance. Winnings during the year shall include all prizes from the 1st of January preceding, to the time appointed for the start, and winning shall include dividing, walking-over, or receiving forfeit.

A Challenge Cup is not estimated in the value of a race until it is finally won, provided the sweepstakes or added money amount to 20 sov. or upwards, but when won outright the winner must carry a penalty in respect of the full value of the Cup and money prize.

Penalties for winning a fixed sum shall be understood to mean for winning it in one race unless specified to the contrary.

122. No horse shall carry extra weight for having run second, or in any lower place in a race.

123. Extra weight shall not be incurred in respect of matches, private sweepstakes, or private handicaps.

124. Penalties are not cumulative unless so declared by the conditions of the race.

125. Where winners of selling races are exempted from penalties, only such horses as have run to be sold, shall be entitled to the exemption.

126. When any race is in dispute, both the horse that came in first and any horse claiming the race, shall be liable to all the penalties attaching to the winner of that race until the matter be decided.

NATIONAL HUNT RULES. XLIII

For penalties on dividing after dead heats, see Part XX.

127. All penalties and allowances shall be calculated according to the amount of the value of each race as reported in the Racing Calendar.

Allowances.

128. No horse shall receive allowance of weight, or be relieved from extra weight, for having been beaten in one or more races; Provided that this rule shall not prohibit maiden allowances, or allowances to horses that have not won within a specified time, or races of a specified value.

129. Allowances to the produce of untried horses are for the produce of horses *whose produce never won a race in any country.*

130. Allowances are cumulative unless otherwise specified.

131. No horse shall be entitled to allowance of weight for being half-bred.

PART XVII.

Weighing out, exhibiting Numbers, &c.

The Weighing Room.

132. No person shall, without special leave from the Stewards, be admitted to the weighing-room, except Members of the National Hunt Committee, the owner, trainer, and rider, or other person having the care of a horse engaged in the race, *and any person refusing to leave shall be reported to the Stewards.*

Weighing out.

133. Each rider must be weighed for a specified horse by the Clerk of the Scales, at the appointed place, not less than a quarter of an hour before the time fixed for the race, and the numbers shall then be exhibited as soon as possible. In exceptional cases, or where the delay of a previous race has rendered punctuality impossible, the Stewards may extend the time allowed for weighing, declaring weight, and for exhibiting the numbers.

134. When the numbers have been exhibited, *no alteration or addition can be made without the leave of the Stewards, whose reasons for such permission shall be reported at the Registry Office.*

135. If a rider intend to carry over-weight, he must declare the amount thereof at the time of weighing out, *or, if in doubt as to his proper weight, the weight he intends to carry.*

136. It is optional for a rider to weigh out or in with his bridle, and the Clerk of the Scales shall, if requested, allow 1lb for a curb or double bridle, but if a horse run in a

hood, *martingale*, *breastplate*, or clothing, it must be put into the scale and included in the riders' weight.

137. No whip or substitute for a whip shall be allowed in the scales.

PART XVIII.

Starting.

138. The horses must be started by the official starter or his authorised substitute.

139. Every horse must be at the post ready to start at the appointed time; any owner, trainer, or rider making default herein may be fined at the discretion of the Stewards a sum not exceeding 5 sov.

140. *All riders, on arrival at the starting post, must immediately place themselves under the Starter's orders, and no horse, when once under his orders, shall go back, except in the case of an accident.*

PART XIX.

Running and Walking Over.

Running.

141. *An owner intending to run two or more horses in a race may declare to win with one of them, and such declaration must be made at scale. The rider of a horse with which the owner has not declared to win, must on no account stop such horse. except in favour of the stable companion on whose behalf declaration to win has been made.*

142. (i) In a hunters' race on the flat a horse which crosses another in any part of the race is disqualified, unless it be proved that he was two clear lengths ahead of the other when he crossed.

(ii) In a steeple chase or hurdle race a horse shall be disqualified if his rider, by foul riding, jeopardised the chance of success of any other horse in the race, and in the run home from the last hurdle or fence, section (i) of this rule shall apply; the Stewards have power to fine a rider for the above offence any sum not exceeding 50 sov., In all cases the Stewards have power of suspending a rider until the expiration of the meeting, or, should they consider such punishment insufficient, until the case can be heard and decided by the Stewards of the National Hunt Committee.

(iii) If a horse or his rider jostle another horse, or rider, the aggressor is disqualified, unless it be proved that the jostle was wholly caused by the fault of some other rider, or that the jostled horse or his rider was partly in fault.

(iv) If a horse run the wrong side of a post he must turn back and run the course from such post.

143. If a race has been run by all the horses at wrong weights, or over a wrong course or distance, or if the Judge is not in the box at the time the horses pass the winning post, the Stewards shall order it to be run *again on the same day if practicable, if otherwise, it shall be void.*

Walking over.

144. A walk-over shall in no case be deemed necessary. It shall be sufficient if a horse be weighed out for, mounted, and proceed to the starting post, when, if no competitor appear in due time, he shall be the winner.

PART XX.

Dead Heats.

145. Every horse running a dead heat shall be deemed the winner of the race until the dead heat is run off or the owners agree to divide, and, if the owners agree to divide, each horse which divides shall be deemed a winner of the race, and liable to the penalty for the full amount he would have received if he had won.

146. A dead heat for the first place shall be run off on the same day at a time to be appointed by the Stewards, unless the owners agree to divide. The other horses shall be deemed to have been beaten, but they shall be entitled to their places (if any) as if the race had been finally determined the first time.

If, in running a dead heat off, either horse should be disqualified, it shall be decided by the Stewards whether the disqualification shall extend to the loss of the second place, and, if so, the horse that was originally placed third shall be entitled to the second place.

147. When a dead heat is run for second place, and an objection is made to the winner of the race, if such objection be declared valid in time for the dead heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly; otherwise the horses which ran the dead heat shall divide.

148. If a dead heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of the last preceding rule.

149. When owners divide they shall divide equally all the moneys or other prizes which any of them could take if the dead heat were run off.

150. If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided,

the question shall be determined by lot by the Stewards, *who shall decide what sum of money shall be paid by the owner who takes such cup or other indivisible prize, to the other owner or owners.*

151. On a dead heat for a match the match is off.

PART XXI.

Weighing in.

152. Every rider must, immediately after pulling up, ride his horse to the place of weighing, dismount and *present himself* to be weighed by the Clerk of the Scales: Provided that, if a rider be prevented from riding to the place of weighing by reason of accident or illness, by which he or his horse is disabled, he may walk or be carried to the scales.

153. If a rider do not *present himself to be weighed in*, or be short of weight, or be guilty of any fraudulent practice with respect to weight or weighing, or dismount before reaching the place of weighing, or touch (except accidentally) any person or thing other than his own equipments before weighing in, his horse is disqualified, unless he can satisfy the Stewards that he was justified by extraordinary circumstances.

154. If a horse carry more than four pounds over his declared weight, he is disqualified unless the Stewards be satisfied that such excess of weight has been caused by wet or mud.

155. If a rider be unable to draw his weight with the one pound allowed for the curb or double bridle, he shall have the option of weighing in with his bridle; but no weight shall be allowed for a snaffle bridle unless it is put into the scales before the horse is led away.

PART XXII.

Prizes.

156. The value of prizes not in money must be advertised.

157. *Prizes, stakes, and forfeits in a race belong to the winner, except as otherwise declared in the conditions.*

158. No plate or sweepstakes shall be run for unless the clear value to the winner (calculated as in Part XVI), in case the race be run by two or more horses, will amount to 20 sov. But if the value would amount to 20 sov., if the race were so run, a horse may walk over, although he thereby receives less than 20 sov.

159. *In all sweepstakes (private sweepstakes excepted) or plates, the second horse shall at least save his stake and entrance.*

160. When a sweepstakes has been so reduced by the death of subscribers that the payments to second or other horses, according to the conditions, would reduce the value, if run for, to less than 20 sov., *the winner shall receive a clear 20 sov., and only the balance, if any, be divided proportionately between the other horses entitled to participate in the stakes.*

161. When a Cup (other than a Challenge Cup) is advertised to be run for, it shall be given, even in the event of a walk-over.

162. When a walk-over (except after a dead heat) is the result of arrangement by the owners of horses engaged, neither a Cup nor any portion of the advertised money need be given.

163. Any money or prize which by the conditions is to go to the horse placed second, or in any lower place, shall, if the winner has walked over or no horse has been placed second, be dealt with as follows, namely:—

(i) If part of the stakes or plate, it shall go to the winner.

(ii) If a separate donation from the Race-fund, or any other source, it shall not be given at all.

(iii) If entrance money for the race, it shall go to the Race-fund of the meeting.

164. *No deductions shall be made from the value of any race except such as are gained by other horses in the race, and except Clerks', stakeholding, and weighing fees, as fixed by rule.*

165. If a race be never run or be void, stakes, forfeits, and entrance money shall be returned.

PART XXIII.

Disputes, Objections, Appeals, &c.

166. Every objection shall be determined by the Stewards, and their decision shall (if they are not the Stewards of the National Hunt Committee) be subject to appeal to the Stewards of the National Hunt Committee, through the Stewards of the meeting, and with their consent and that of the Stewards of the National Hunt Committee, and not otherwise, except under Rule 16.

167. All disputes, objections, and appeals referred to or brought before the Stewards of the National Hunt Committee, shall be determined by them (three to form a quorum); if only two Stewards be present, they shall appoint a third person, being a member of the Committee, in lieu of the absent Steward, but the Stewards may call in any other members of the Committee to their assistance, or may, if they think the importance or difficulty of the case requires such a course, refer it to a general meeting.

XLVIII NATIONAL HUNT RULES.

Objections—when and how made.

168. (i) If an objection to a horse engaged in a race be made not later than half-past ten in the morning of the day of the race, the Stewards may require his qualification to be proved before the race; and in default of such proof being given to their satisfaction, they may declare him disqualified.

(ii) An objection to any decision of the Clerk of the Scales must be made at once.

(iii) An objection to a horse, on the ground of a cross, jostle, or foul riding, or of his not having run the proper course, or of any other matter occurring in the race, *or on the ground of any irregularity on the part of a rider at the scales or before weighing in*, must be made within a quarter of an hour after the winner has weighed in. *unless, under special circumstances, the Stewards are satisfied that it could not have been made within that time.*

(iv) An objection on the ground,

(a) Of mis-statement, omission, or error in the entry under which a horse has run, or

(b) That the horse which ran was not the horse, or of the age, which he was represented to be at the time of entry, *or that he was not qualified under the conditions of the race*, or

(c) That he has run in contravention of the rules of partnership,
may be received within fourteen days of the conclusion of a meeting.

(v) An objection on the ground that a horse is disqualified by reason of any default entered in the Forfeit List, may be received within six months after the race.

(vi) An objection on the ground of carrying wrong weight, or on any other ground not specified in the foregoing sections of this rule, must be made within twenty-four hours of the race being run, exclusive of Sunday, save in the case of fraud, or wilful mis-statement, when there shall be no limit to the time for objecting.

169. Every objection shall be in writing, and must be signed by the owner of some horse engaged in the race, or by his deputed agent, *trainer*, rider, or groom, and must be made to one of the Stewards, to the Clerk of the Course, or Clerk of the Scales; the objector shall, at the time he makes the objection, deposit the sum of 5 sov., which, in the event of the objection being decided to be frivolous or vexatious, shall be forfeited to the National Hunt Fund, or if otherwise, returned to the objector.

170. An objection may also be made without deposit by a Steward or official of a meeting *in his official capacity*.

NATIONAL HUNT RULES. XLIX

171. An objection cannot be withdrawn without leave of the Stewards.

172. If an objection to a horse which has won, or been placed in a race, be declared valid, the horse shall be regarded as having been last in the race, and the other horses shall take positions accordingly.

173. All costs and expenses in relation to determining an objection or conducting an enquiry shall be paid by such person, or persons, and in such proportions, as the Stewards, or the Stewards of the National Hunt Committee, shall direct.

174. Pending the determination of an objection, any prize which the horse objected to may have won, or may win in the race, shall be withheld until the objection be determined, and any forfeit payable by the owner of any other horse shall be paid to and held by the Clerk of the Course for the person who may be entitled to it.

Appeals.

175. When leave of appeal has been granted the appellant shall forthwith notify in writing to the Clerk of the Course, for transmission to the Registry Office, his intention of appealing, and at the same time deposit the sum of 10 sov.; *in all cases, except where fraud or wilful mis-statement is alleged, such notice and deposit must be received at the Registry Office within seven days of the decision of the Stewards having been given, or the appellant shall forfeit his right.*

Should an appeal be decided to be frivolous or vexatious, the deposit shall be forfeited to the National Hunt Fund, or if otherwise, returned to the appellant.

PART XXIV.

Corrupt Practices and Disqualifications of persons.

176. Any person riding or running a horse for any race whatever in Great Britain, not advertised to be run under the Rules of Racing, or the National Hunt Rules, shall be disqualified from riding or running a horse where the National Hunt Rules are in force, for twelve months from the date of the offence.

NOTE.—For the purposes of this rule, the National Hunt Committee take no cognisance of pony or galloway races at meetings confined to pony or galloway racing.

177. *Any person whose name has been twice published in the Forfeit List, or who has otherwise been declared a defaulter on the Turf, in this or any other country, shall be disquali-*

fied from acting as a Steward or in any other official capacity in relation to a meeting, until his default is cleared.

178. (i) If any person corruptly give or offer, or promise directly or indirectly, any bribe in any form to any person having official duties in relation to a race or race horse, or to any trainer, rider, or agent, or to any other person having charge of, or access to, any race-horse; or

(ii) If any person having official duties in relation to a race, or if a trainer, rider, agent, or other person, having charge of, or access to, any race-horse, corruptly accept or offer to accept any bribe, in any form; or

(iii) Wilfully enter or cause to be entered or to start for any race a horse which he knows or *believes* to be disqualified; or

(iv) If any person be proved to the satisfaction of the Stewards of the National Hunt Committee to have surreptitiously obtained information respecting a trial from any person or persons engaged in it, or in the service of the owner or trainer of the horses tried, or respecting any horse in training from any person in such service; or

(v) If any person be guilty of, or shall conspire with any other person for the commission of, or shall connive at any other person being guilty of, any other corrupt or fraudulent practice in relation to racing in this or any other country;

Every person so offending shall be warned off all courses where these Rules are in force.

179. If any person be reported by the Committee of the Subscription Rooms at Newmarket or at Tattersall's as being a defaulter in bets he shall be warned off as in the last rule mentioned, so long as his default continues.

180. When a person is warned off all courses where these rules are in force, and so long as his exclusion continues, he shall not be qualified, whether acting as an agent or otherwise, to subscribe for, enter, run, or ride any horse for any race either in his own name or in that of any other person, and any horse of which he is *the nominator, or is (or was at the time of entry)* wholly or partly the owner, or which after the fact of his being warned off has been twice published in the Racing Calendar, shall be proved to the satisfaction of the Stewards to be, or to have been, *directly or indirectly*, under his care, training, management, or superintendence, shall be disqualified.

Special Rules relating to Steeple Chases and Hurdle Races.

183. (i) In steeple chases and hurdle races, any horse getting away from his rider may be remounted in any part of the field or enclosure in which the occurrence took place, but should such horse not be caught until he shall have entered another field, then he shall be ridden or brought back to the one in which he parted from his rider. Any rider so losing his horse may be assisted in catching him and remounting him without risk of disqualification; and in the event of a rider being disabled, his horse may be ridden home by any person of sufficient weight, provided he be qualified according to the conditions of the race. No penalty shall be exacted for carrying overweight in this instance.

NOTE.—*In artificially constructed steeple chase courses, and in hurdle races, the spaces between the fences or*

hurdles are considered as fields or enclosures for the purposes of this rule.

(ii) If any flag, post, or boundary mark be placed in the Course or altered after the riders have been shown over the ground, or had the course pointed out to them, it shall not be considered binding or of any effect unless such addition or alteration shall have been particularly named, previous to starting, to all the riders in the race, by one of the Stewards, the Clerk of the Course, or by their representatives.

(iii) If a horse refuse any fence, or *hurdle*, in a race, and it can be proved to the satisfaction of the Stewards that he has been led over it by any of the bystanders, or has been given a lead over by any horseman not riding in the race, the horse shall be disqualified.
